

SPOKEN TUTORIAL

SOFTWARE TRAINING PROJECT

Developed by IIT BOMBAY

A PROJECT OF THE NATIONAL MISSION ON EDUCATION THROUGH ICT
POWERED BY THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT
GOVERNMENT OF INDIA

What is Spoken Tutorial?

Spoken Tutorial is a multi-award winning educational content portal. Here one can learn various Free and Open Source Software all by oneself. Our self-paced, multi-lingual courses ensure that anybody with a computer and a desire for learning can learn from any place, at any time and in a language of their choice.

Our courses are simple and easy to follow even for a beginner but they also meet the growing needs of the learner. Our engaging digital content ensures that learning happens at all levels - Basic, Intermediate and Advanced. Our content mandates side-by-side practice thereby ensuring that learners are actively learning. Many of the software taught, are used in various disciplines of Engineering, pure Sciences and several other Under-Grad and Post-Grad studies, and can be extended to Commerce, Arts and Management streams as well. Alongside these, there are some courses relevant at **School level**, too, which help school students to visualize difficult concepts of Math and Science. These can also be used by Teachers to prepare lesson plans, explain abstract concepts and give digital assignments to students.

The Sanjivani college of engineering has also been granted the status of a SUPER RESOURCE CENTRE for Spoken Tutorial Project, IIT Bombay under the 'National Mission on Education through ICT', MHRD, Govt. of India and recently promoted to "KNOWLEDGE CENTER" by IIT Bombay.

500+ students of Sanjivani are benefited with the free and open access video contents available on the website of spoken tutorial till date.

The details about Sanjivani's association with spoken tutorial can be found here
